

Clip-on Fenders

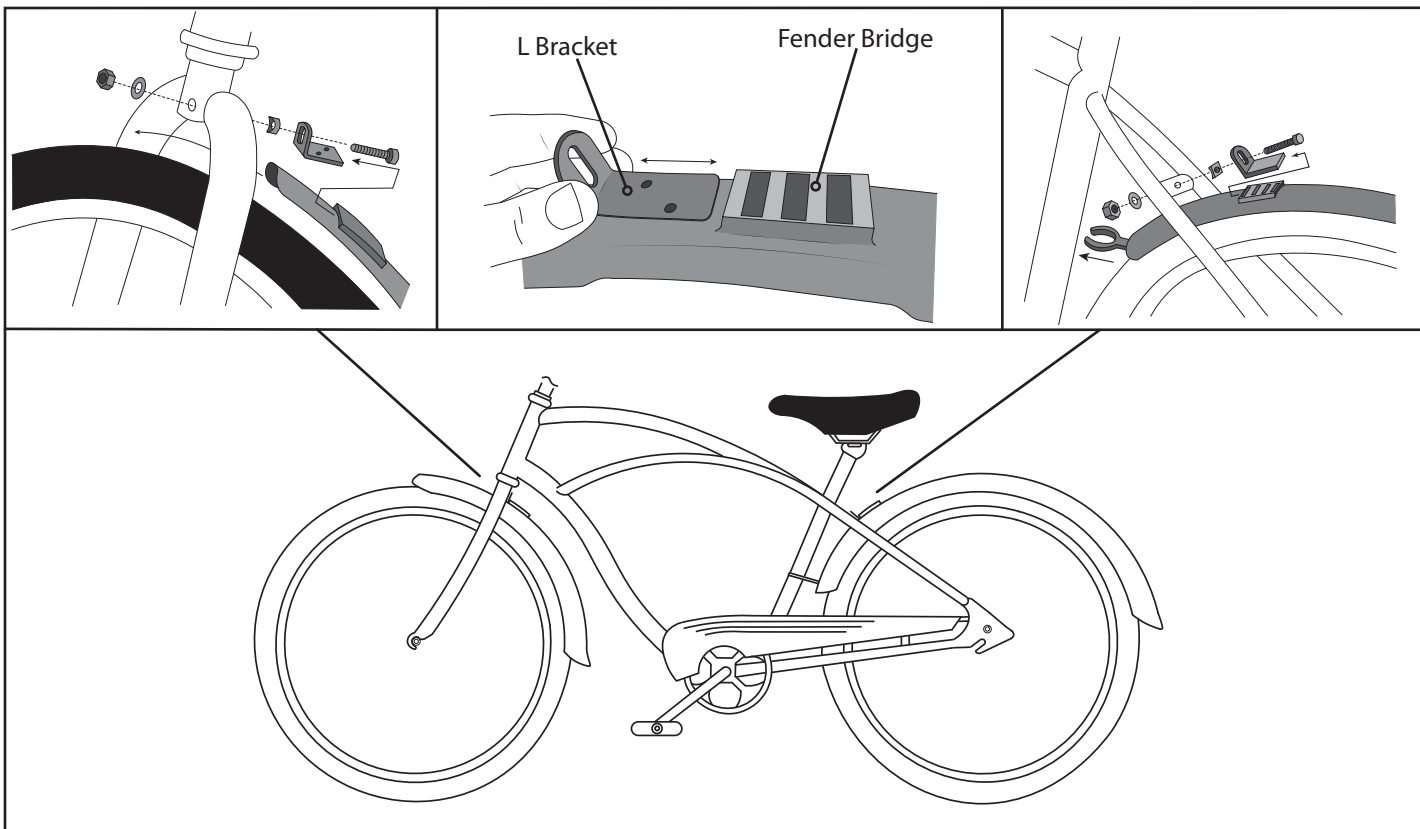

Instruction Manual

FF004

Please read all instructions before installing and using your new clip-on fenders.

Warning

Failure to install fenders properly may result in serious injury/death and or damage to your bicycle.

Installation

FRONT

1. Install L bracket to rear of fork as shown in illustration, being sure to align the curved spacer with the curve of the fork tubing.
2. Press fender bridge onto L bracket until fully seated.
3. Check tire clearance.

REAR

1. Install L bracket to seat stay bridge as shown in illustration, being sure to align the curved spacer with the curve of the seat stay bridge.
2. Press fender bridge onto L bracket until fully seated.
3. Press C shaped clip onto seat tube by pushing forward.
4. Check tire clearance.

Note: Small vertical adjustments may be made by loosening mounting bolts and sliding the L bracket up or down.
